Don't even stare  
We'll tear you up  
And you think you know pain  
How about I fuck the smug outta your smile?

Swastikas spinning  
Behind beady eyes  
Your shriveled ass grinning  
But you're covered in flies

Your shit is weak  
Being dead is no prize  
Do you know how we live?  
Take your bitch ass and let's go for a ride

Twinkling like rubies  
You think your secrets will die  
Just try not to tremble  
When you look in my eyes

Grab me  
A bucket  
You speak  
And I vomit

You're in the dark  
So be smart  
On a self-righteous one  
We'll pull the plug
