could i be 7 foot 10
built like a bull then
full of shit
and proud of it

i like to get funny with my 8 foot buddies
we spend money till our dicks get runny
naughty looking mighty sporty
mixing with a pissed fist there to escort me

put away the beer dear o fucking dear
et the night like a roman now we vomit fear
like to give the men on the town some action jackson
for our satisfaction
you're gonna play hey cos we get disappointed
don't be late this is a regular appointment
just some suggestion answer the question

the question is... (x2)
hey babe wanna get laid?
you don't have to answer i'll take you for granted
don't you wanna fuck?
we're both fucking drunk
he's a fine looking bitch check out his tits
the ass the dick
can i break you off some of my beef shtick
yum yum-yum-yum

cos i'm looking for a big cock that i can bite off
acting like you're tough shit so you like it rough it ha
better hope penis don't come between us
kinda fucking smelly cos i never clean it

tease me tease me tease me
till i lose control
my eyes are on your hole
this is a dark place where we dilly dally
no turns to yes in the shadows of this alley
