I don't go to parties baby
cos' people tend to freak me out
watch their lips to work it out i can hear the words but I
still don't know what
its all about
won't see me down the disco mama coz bright lights
really hurt my eyes
I'd rather stay and dance with you to the funky music
playing on our stereo ooo

Things don't get no better, better than you and me

I don't go to parties baby
cos' people tend to freak me out
watch their lips to work it out i can hear the words but I
still don't know what
its all about
won't see me down the disco mama coz bright lights
really hurt my eyes
I'd rather stay and dance with you to the funky music
playing on our stereo ooo

Things don't get no better, better than you and me

I don't go to concerts baby
music's always up too loud
Cigarettes and alcohol get up my arse and i always
lose you in the crowd
Won't see my tribal raving baby
coz i won't ever look that good
I'd rather dance in ugly pants in the comfort of a
lounge roon in suburbia

Things don't get no better, better than you and me...
