R : Te iubesc oriunde ai fi
De o mie de ori pe zi
Te doresc mai mult , mai mult
Cu fiecare minut
Te iubesc si orice ai face
La tine totul imi place

[Florinel]

You're the master of my dreams
I cannot dream without you
And when I hold you into my arms
It's like a dream, but much better

[Ioana]

You're the master of my dreams
I cannot dream without you
And when I hold you into my arms
It's like a dream, but much better

[Florinel]

I would never in my life
I would never leave you
Never in my life
I didn't fail to you.

R : Te iubesc oriunde ai fi
De o mie de ori pe zi
Te doresc mai mult , mai mult
Cu fiecare minut
Te iubesc si orice ai face
La tine totul imi place

[Play Aj]

I swear that I have never thought you'll make so happy
I'm feeling like I've never loved
It seems to be like the first time and for sure

that I'll never pay attention to another girl
I say : Come on, love only me, yes, only me, yes
Only me, only me, yes
I waited you so long to appear in my life
Only you, only you, yes

[Ioana]

You wake up smiling and you say to me : "Good morning"
I'm looking at you and I see how beautiful life is

[Florinel]

You wake up smiling and you say to me : "Good morning"
I'm looking at you and I see how beautiful life is

[Play Aj]

So many times you asked me how much I love you
And I've told you that I cannot express this in words
let me show you that I don't have another way
To prove you how much I love you
Because only the acts are speaking
You'll want to convince yourself how big is love
Only in this way I can really answer your question
Real love is you, only you and nobody never will take your place, no
