Muthafucka I love to cuss
Muthafucka I love to cuss
Well, you can lick my ass and you can suck my balls
Muthafucka I love to cuss
Hey! Muthafuck you too!
Muthafucka I love to cuss!
85 more been riding too long
And I gotta take a shit
I told my man Brooks
"Yo, you gotta pull over at the next exit"
At the Exxon, pull down my pants
And I sit upon a pissed-on seat
Fucking with my dick, looked up at the wall
And I had to stop beating my meat
The wall said ...
Muthafucka I love to cuss
Muthafucka I love to cuss
Well, you can lick my ass and you can suck my balls
Muthafucka I love to cuss
Hey! Muthafuck you too!
Muthafucka I love to cuss!
Cock to your mouth
Fuck you, fuck the south
Fuck your mom
Violate your whole daughter pussy-hole
With some pom-poms
Still demented
Freaky like tits being augmented
Plugging your bitch till her clits dented
Sticking an erection
To a cancerous ovarian section
Genetal warts up in the mid-section
And now I'm bloody
Looks like afterbirth mixed with Silly Puddy
85 more been riding too long
And I gotta take a shit
I told my man Brooks
"Yo, you gotta pull over at the next exit"
At the Exxon, pull down my pants
And I sit upon a pissed-on seat
Fucking with my dick, looked up at the wall
And I had to stop beating my meat

The wall said ...
Muthafucka I love to cuss
Muthafucka I love to cuss
Well, you can lick my ass and you can suck my balls
Muthafucka I love to cuss
Hey! Muthafuck you too!
Muthafucka I love to cuss!
Ok, looks like Brooks farted on his balls again
Nurse Crocket!
We uptake the serotonin
I'm shot the fuck out
I puts a part of me, my girls snatch
And let my poodle eat it out
"Just let me take you home, I wanna feel you"
Ok, but first you gotta eat my doo-doo
Jerking my dick on a school bus
Everywhere I go they make a fuss
I guess 'cause
85 more been riding too long
And I gotta take a shit
I told my man Brooks
"Yo, you gotta pull over at the next exit"
At the Exxon, pull down my pants
And I sit upon a pissed-on seat
Fucking with my dick, looked up at the wall
And I had to stop beating my meat
The wall said ...
Muthafucka I love to cuss
Muthafucka I love to cuss
Well, you can lick my ass and you can suck my balls
Muthafucka I love to cuss
Hey! Muthafuck you too!
Muthafucka I love to cuss!
