Sittin in traffic another day of feeling nothing  
Trying to find something I guess it's back to huffin'  
Paint and model glue oh how I die when I look  
At you smilin' lovin' life and all I know is blue  
Rainy days and cold stares broken love affairs  
Everything's beautiful as long as I ain't there  
I guess I wasn't meant to crack a smile who cares  
I think I'll go to sleep for a while now

I'm barely livin' in my skin depression's my only friend  
And I don't know where I am heading tryin' to forget  
where I've been  
And I'm so sick of lying God please shwo me that silver  
lining  
Cuz I've heard tale and I'm not well my heads full of  
hell and  
This world's a jail but

And it don't matter and I don't care  
I let my pain into the air  
Cuz everything good's over there  
And everything here's hard to bear  
And it don't matter and I don't care  
I let my pain into the air  
Cuz everything good's over there  
And everything here's hard to bear

And as the apin begins to displace had it to ear level  
With this place you see it on my face a state of  
suspended grace  
Gradually I erase and find comfort in the sickest womb  
I might be present but no in the room  
To whom it may consume melting ensembles bleeding  
chellos running through Bordellos drama  
Like Othello hidin' out from Poncharello  
Dead off in the Median  
Fallin apart like usual handin' out flyers to my funeral

So they say that life's a play and that all the world's a  
stage  
Then for another part I pray the show ends the same  
way everyday

And my heart carries the pain of a brain I can't explain  
Am I insane  
Am I insane

And it don't matter and I don't care  
I let my pain into the air  
Cuz everything good's over there  
And everything here's hard to bear  
And it don't matter and I don't care  
I let my pain into the air  
Cuz everything good's over there  
And everything here's hard to bear

And everything good is gone  
And everything good is gone  
And everything good is gone  
And everything bad is here  
And everything bad is here  
And everything bad is here  
It doesn't really matter now does it

And it don't matter and I don't care  
I let my pain into the air  
Cuz everything good's over there  
And everything here's hard to bear  
And it don't matter and I don't care  
I let my pain into the air  
Cuz everything good's over there  
And everything here's hard to bear
