Sometimes I'm hard to figure out.
People say I'm not that good enough
But you, always at my side
Saying that things will be alright

Refrain:
And I can't make it alone
Cause' I need some strength to be strong...

Cause I'm lost in the middle of nowhere
Where time is fast and I can't slow it down
And I need you now. I'm all alone on this dark road
Praying and hoping that you will lead me back home.
Home... home... oohhhh... home

Life is really hard to understand
Battles are everywhere, you need to be prepared
Ad I f you don't believe in yourself
You'll never make it. You'll never reach it.

And you have the power to move on
Cause you have all the strength to be strong...

Cause you are lost in the middle of nowhere
Where time is fast and you can't slow it down
And you need someone now, you're all alone on this
dark road praying and hoping that someone will lead
you back home...

Where we belong, together we'll make it
We will never regret this, and we will never say this...

That we are lost in the middle of nowhere where time
Is fast and we can't slow it down
And we need someone now, we are all alone on this
dark road, praying and hoping and crying and saying
that... :

That we are lost in the middle of nowhere where time is
fast and we can't slow it down, we need someone now
we're all alone on this dark road. Praying and hoping

that someone will lead us back home...
