Today you're gonna leave
Just like you did the day before.
Watch by the windowsill
You disappear into the corner store.

I could swear that I saw you
Slip out the back door.
You left your set of keys
And left me alone.

I'm pacing our apartment.
My head's a broken record.
I can't think.

I keep repeating the very last words that you said to
me.
You didn't tell me you loved me
Just goodbye (bye bye bye bye)
And there was something kinda final in it.

Stay. (stay, stay)
Everything is wrong without you.
Stay. (stay, stay)
My whole world's a wreck
Oh will you save me now (save me now)
Or leave me crazy ever after.

I'm in a weak condition.
Now you cut into the heart of me.
You've got my mind racin'.
Losin' my grip on reality.

You got me second guessing what's true and what's a
lie.
Why don't you look me in the eye when I say

Stay. (stay, stay)
Everything is wrong without you.
Stay. (stay, stay)
My whole world's a wreck
Oh will you save me now (save me now)

Or leave me crazy ever after?

I don't know how to be alone.
Don't know how to be alone.
Don't know how to be alone.

Today your gonna leave
Just like you did the day before.

Stay.
Everything is wrong.
Stay.
My whole world's a wreck.
Stay. (stay, stay)
Stay. (stay, stay)
Stay. (stay, stay)
Stay.

Oh will you save me now
Or leave me crazy ever after.
