Do you realize

That you have the most beautiful face

Do you realize

We're floating in space

Do you realize

That happiness makes you cry

Do you realize

That everyone you know one day will die

And instead of saying all of your goodbyes

Let them know you realize that life goes fast

It's hard to make the good things last

You realize the sun doesn't go down

It's just an illusion caused by the world spinning round
