Now, I'm not saying that I'm, feelin' lonely but I  
Wouldn't mind it if you'd, come and warm me for  
awhile  
Baby for awhile  
Because you're, hot on the outside and you're  
Sweet in the middle and I'm, guessin' that someday  
you might  
Want just a little of my love-That's what I'm thinkin' of  
So baby don't pretend  
Don't pretend there's nothing there-Don't act as if  
you're unaware  
'CAUSE I-I CAN SEE IT IN YOUR EYES (EVERY SECRET  
THING)  
I CAN READ BETWEEN THE LINES (EVERY SECRET  
THING)  
Every secret thing  
You thought you, had me figured for a  
Somethin' or other or the, kinda guy you wouldn't  
Bring home to mother, now you know-Love will only  
grow  
Baby don't pretend  
Don't pretend there's nothing there-Don't act as if  
you're unaware  
(CHORUS 2x)  
We hide, and we keep from one another  
Won't change, this night-Tonight will last forever...yeh  
Baby don't pretend  
Don't pretend there's nothing there-Don't act as if  
you're unaware  
(CHORUS 2x)  
Every secret thing
