In the night
Quiet glow
We're beneath the shining stars
And the breeze
Cool and calm
Whispers to us from afar

And the waves
From the shore
They surrender to the sand
Breathing sweet
Salty air
?In a chorus raised?
Intoxicating and divine

Darling say,
"How blessed are we now?"
Palms in a sway
And flowers by the moon
Ooh, ooh

In the dawn
By the sea
There are birdsongs in the air
And the sky's
Quiet blaze
Warms our hearts and souls
And puts to rest our every care

Feeling so enraptured by the view
Tell me darling that we witnessed beauty's gleaming

Soon we part
From this place that makes us whole
Take this in, take it with you where we go

All too soon
We will be pulled away
So don't pause
To our pleasure to stay
We must treasure all we find
We behold the enchanted

And we reconcile our souls to light

Feeling so enraptured by the view
Tell me darling that we witnessed beauty's gleaming

Palms in a sway
And flowers by the moon
Ooh, ooh
