It's about time you made a choice of when you're
coming over
I asked you a long time ago, but still there's no word
Of when you'll leave your friends for me
In the itinerary is a thousand places we could be
(one thousand places we could be)
Manhattan, Pittsburgh, Paris, France (Paris, France) or
Columbus, Ohio
Australia, London, Tokyo (Tokyo) but still you say no!
I don't care, but need to know when you'll join me out
on the road
What will it take for you to go, (what will it take for you
to go)
(You know I try) You're not tryin'
(But I'm so tired) Keep tryin'
Try, try to stay awake
Try, try to stay awake
Try, try to stay awake
But you just keep sleeping
You keep sleeping
(you're not trying)
It's about time you came to me (it's about time you
came to me) I'm always flying to you
One last shot I can try to do, out of desperation!
Send an airline ticket to your home (to your home to
your mama and papa)
But you probably won't show, waiting at JFK with little
hope (now you know it)
Try, try to stay awake
Try, try to stay awake
Try, try to stay awake
But, you just keep sleeping
Try, try to stay awake (try to stay awake) (you're not
tryin')
Try, try to stay awake (try to stay awake) (you're not
tryin')
Try, try to stay awake (try to stay awake) (you're not
tryin')
Or you'll just keep sleeping
(you keep sleeping) You keep sleeping (you're not
tryin') You're not tryin'

(keep sleepin') Keep sleepin' (you're not tryin') You're
not tryin'
(Keep sleepin', keep sleepin')
