Hello, my gosh look who's entered the room
She looks interested and I got nothing better to do
Well sometimes I am and sometimes I'm not shy
Seem's we'll be stuck together for sometime
She's cool
Green as can be when it comes to most things
Not the trained professional that she comes
Keep hearing stories of how she's used
And all the while she complains I'm too smooth
She's cool
She's cool
Well now, who's going to save my drunk girl now?
Now she's gone home and I've gone away
We'll who's going to save my drunk girl now?
Now she's gone home and I've gone away
She's cool
She's cool
She's cool
Done walk through the same old trap
Caught up in a big mess with psychopath
No matter the warnings, I do what I do
Stuck here trying to justify she's cool
She's cool
She's cool
Well now, who's going to save my drunk girl now?
Now she's gone home and I've gone away
Well, who's going to save my drunk girl now?
Now she's gone home and I've gone away
She's cool
She's cool
She's so cool
She's cool
She's cool
Well now, who's going to save my drunk girl now?
Now she's gone home and I've gone away
Well, who's going to save my drunk girl now?
Now she's gone home and I've gone away
She's cool
She's cool
She's cool
She's cool

She's cool
She's cool
She's cool
She's cool
