I've thought about this one too much  
I know you know it  
I wish you would explain to me why you pulled me  
through this  
So soon  
So sad  
I guess it was just a laugh.  
So serious, so sad, so soon  
I just left you  
I left your whole town, I feel like hell  
The ? think you pulled me through  
So soon  
So sad  
I guess it was just a laugh  
I know I crowded you  
Made you so uncomfortable  
I wish I had control and started out more casual  
So soon  
So sad  
I guess it was just a laugh  
I guess it was just a laugh  
So soon  
So sad  
I guess it was just a laugh
