Words one said with tenderness  
Have become meaningless  
Broken promises take their toll  
Now you're playing the fool

Torn, between torment and bliss  
Beckoned by temptation's kiss  
Leave you're ambitions standing still  
All you're dreams left unfulfilled  
make up mind while there's still time to turn  
around

Fooled by a smile  
You regret, won't forget what you've left behind  
Fooled by a smile  
You regret, won't forget what you've left behind

Lies that leave you cold inside  
With a pain to hard to hide  
Broken promises take their toll  
Now you're playing the fool

Hide your face to save your shame  
None but yourself to blame  
Leave you're ambitions standing still  
All you're dreams left unfulfilled  
Make up mind while there's still time to turn  
around

Fooled by a smile  
You regret, won't forget what you've left behind  
Fooled by a smile  
You regret, won't forget what you've left behind  
Fooled by a smile  
You regret, won't forget what you've left behind  
Fooled by a smile  
You regret, won't forget what you've left behind

Fooled by a smile

Fooled by a smile

You regret, won't forget what you've left behind  
Fooled by a smile  
You regret, won't forget what you've left behind  
Fooled by a smile  
You regret, won't forget what you've left behind  
Fooled by a smile  
You regret, won't forget what you've left behind
