Looking for the answers
Not knowing what I'll find
Gonna take my chances
Won't let it hurt me this time
Once before
Put my faith in someone
I was wrong, I was wrong
But I know
There's no reason to run
Now that I have you to count on
Only love can feel this way
Only love can brighten your day
Suddenly you will discover
Heaven-sent, one to another
Only love can understand
Life can change the touch of a hand
Shimmering light in the darkness
Showing you the way to be free
Lost within temptation
Breathless in your arms
Something that's unspoken
Is keeping us both from harm
All this wild adoration
Can't believe, I can't believe
All my life I've been waiting
Now I know I'll never leave you
Only love can feel this way
Only love can brighten your day
Suddenly you will discover
Heaven-sent, one to another
Only love can understand
Life can change the touch of a hand
Shimmering light in the darkness
Showing you the way to be free
I will stay
I know how fragile a love is
But I feel
That this is where I belong
From now on it's
Only love can feel like this
Only love, it starts with a kiss
And suddenly you will discover

It's heaven-sent, one to another
Only love can understand
Life can change the touch of a hand
Shimmering light in the darkness
Showing you the way to be free
Only love can feel like this
Only love, it starts with a kiss
And suddenly you will discover
It's heaven-sent, one to another
Only love can understand
Life can change the touch of a hand
Shimmering light in the darkness
Showing you the way to be free
Only love...
