Look into the mirror  
'Cause you cannot escape yourself  
Your heart is getting bigger  
And I know you need some help  
Life goes on and we are supposed to grow  
(Supposed to grow)  
When all goes wrong  
Find a place where you belong

[Chorus:]

Misty morning fade away  
In this moment I believe  
In this moment I believe  
Dream away another day  
In this moment I believe  
In this moment I believe  
Double rainbow, hear God say  
In this moment I believe  
In this moment I believe  
Blue birds are singing for you today  
In this moment I believe  
In this moment I believe

This insane world makes you so restless  
And now you're tired, it's all so senseless  
And all the pain that you have gone through  
Will some day make life go easy on you

[Chorus]

You got to take it easy  
(You got to take it easy)  
And learn to have some fun  
And maybe find your place  
(Maybe find your place)  
In the shadow of the sun

[Chorus]
