There are diamonds in the sky
Lines of gold and silver
And the sparkle in your eyes
Is there to deliver
Well nothing lasts but I try
To make things better

And I never meant to hurt you
Can you hear the crowd cry out
Sorry for the trouble
Stay here tonight
And I never meant to hurt you
Can you taste the tears in my mouth
Sorry for the trouble
Stay here tonight

A book of words your only friend
Captures all my thoughts
I think we need to start again
And say goodbye to yesterday
'Cause you're too hurt to see
That there's a light upon us

And I never meant to hurt you
Can you hear the crowd cry out
Sorry for the trouble
Stay here tonight
And I never meant to hurt you
Can you taste the tears in my mouth
Sorry for the trouble
Stay here tonight

And I don't know where I'm goin'
I have no place to land
The only way of knowing
Is to leave you behind

And I never meant to hurt you
Can you hear the crowd cry out
Sorry for the trouble
Stay here tonight

And I never meant to hurt you
Can you taste the tears in my mouth
Sorry for the trouble
Stay here tonight
