Legends

I have seen the mystics play there
Once or twice but I knew they had a reason
Enchantment plays it's cards all right
Hand in hand with the working of the seasons

Legends can be now and forever
Teaching us to love for goodness sake
Legends can be now and forever
Loved by the sun, loved by the sun
Loved

Two and two go so close together
Whether there is hope that is torn apart
In the words of all that's singing
Hand in hand the beginning is at the start

Legends can be now and forever
Teaching us to reach for goodness sake
Legends can be now and forever
Loved by the sun
Loved by the sun
Loved

Who sings of all of love's eternity
Whose shines so bright
In all the songs of love's unending spells

Only lightning strikes all that's evil
Teaching us to love for goodness sake
Hear the music of love eternal

Teaching us to reach for goodness sake
Legends can be now and forever
Teaching us to love for goodness sake

Sweet songs of youth, the wise, the meeting of all
wisdom
Sweet songs of youth, the wise, the meeting of all
wisdom
Sweet songs of youth, the wise, the meeting of all
wisdom
Sweet songs of youth, the wise, the meeting of all
wisdom
To believe in the good in man.
To believe in the good in man.
To believe in the good in man
