be my guide
be my pilot
be the breath on my face
be the arms that can form it
be the heart in my chest

this is the way i want you to begin my life.
i couldn't face another night like that again.

be my hope, ill be your hope.
be the hair that knots with my hair.
be the drink when i am thirsty.
be the hand to hold at night.

this is the way i want you to begin my life.
i couldn't face another night like that again.
