So here I am to let u understand....
when I drop down like this
They way I'm rockin' with my microphone for u
I can show u how with what u need
'cause I could be that MC that controles it easily
look while ya rock will you hear me now
That's from my godness back in that day
do u understand my ways, I still flee
It ain't nothin' but a rendez-vous
will be hangin' around to celebrate
no mistakes to be made
that hiphop graduate
I add some soul to it and
that's the way that I will elevate we niggaz funk right
We keep the vibe strong
we keep it on till' the early break up no
no no matter what shake u're ass mighty butt
I'm tha lifted up music one time, U MIGHT!

Refrein:

'cause I'm bringin' live and I keep it on
That's right here, right here
And yo won't stop, don't stop, I keep it on
That's right here, right here
And yo Panama, where da party at
It's right here, right here
It's tha bigger banner with tha ludacress
That's right here, right here

That's the moon, music my soul, my mind changed
control

of the things that I've been told
Tried to achieve and make this thing less
well infinity tha answer for my class
I'de be tha MC that comes down rollercoaster
don't need the chauperance I got the good shit right
here
The front that beat rocked the music that we loved
me and my bagger rhymes thats the fool good one
time
For u mind, here, I role, here to let u know
I'm keep rockin' till I'm convinced of the show
Music in live, then I try to keep it fast and hit u up again
one time, U MIGHT!

(Refrein)

I keep callin' ye name 'cause I'm feel no shame
I loved u all the way since the first damn day
I keep callin' ye name 'cause I'm feel no shame
I loved u all the way and that's hiphop music
Callin' yename 'cause I'm feel no shame
I loved u all the way since the first damn day
I've keep callin' ye name 'cause I'm feel no shame
Ey yo I loved u all the way and that's hiphop music

HIPHOP music that we drop all together
That's right here, that's right here
And yo I can't stop, won'ttop, I keep it on
That's right here, right here
It makes this right about everytime we rock it on
That's right here, right here
Now throw u hands up, just while sayin' it
That's right here, right here
Mothafucker move backwards the best thing I bring it
on
That's right here, right here
And yo I can't stop, wont's stop, I keep it on
That's right here, right here

That's right here, right here
And there's a bigger ban in louse, signing off
That's right here, right here
