U could've waited until sunrise,  
I should've known that you were anything but yourself  
Still you retaliate and blame it on me, feel like insanity  
I love u, I miss u, I hate u, I wish you came back

Looks like I'm lost in a dream for sure,  
feels like darkness is surrounding me and more.  
I thought she was like heavenly send,  
but found out Mr. Lucifer was serious competition,  
but while I'm thinking it started off real cool,  
u know drunk with love and actin' a fool,  
I was blazed with the thought that this was meant to be,  
meant for me, but she had different needs,  
but I believed so I kept fallin  
for that smile, those eyes that keep callin me.  
So what a bloke to do,  
when the truth is out there but the light ain't shining  
through.  
I never knew it, but this feeling of forsaken is  
comparable to nothing  
ye can't even name it, frame it, tame it,  
it brings you down while you're down.  
See the love that I once toasted on, that shit made me  
drawn

U could've waited until sunrise,  
I should've known that you were anything but yourself  
Still you retaliate and blame it on me, feel like insanity  
I love u, I miss u, I hate u, I wish you came back

Damn could've seen that shit coming miles away,  
but I was on cloud nine or something,  
nothing but the goods was coming through my mind,  
but come to think of it when was the last time I've seen  
ye smile.  
It's been a while and damned I see the signs  
no more cursing with words, cuz we crossed that line  
I realized that Lucifer lit his match  
it kept me in the dark, but gave you a new best friend.  
At least that's what you said,  
cuz I'm dreaming of love when I'm resting my head.

Instead I payed my debt and now I'm walking alone  
I rolled my dice and now my fortune is gone.  
Now hang on a minute what did you mean with forever  
and more,  
what did you mean with yeah for sure I'm yours,  
what did you mean with I'm your man,  
but what the hell am I doing with your blood on my  
handsÂ...  
damn

U could've waited until sunrise,  
I should've known that you were anything but yourself  
Still you retaliate and blame it on me, feel like insanity  
I love u, I miss u, I hate u, I wish you came back

Don't stop, don't quit, don't flip no  
Don't stop, don't quit, no schizo  
Don't stop, don't quit, just let go  
Don't stop, don't quit, no shit no

Don't stop, don't quit, just cross this  
Don't stop, don't quit, just flawless  
Don't stop, don't quit, just conscious  
Won't stop don't need no doctor

U could've waited until sunrise,  
I should've known that you were anything but yourself  
Still you retaliate and blame it on me, feel like insanity  
I'd wish you regret, I wish you came back  
(I wish you) Out of my head

I love u, I miss u, I hate u, I wished on yo death
