Call on crazy... it's looking us lie
Here, no sense of... alone
This... heals of the fleshes...
It's looking alive

Could see... in the mist
I see the sun rise up
Can hear you,
I hear blood, that screams
In sweet, sweet survive
I can hear it now

Simply, simply,
Thoughts in back
I hear blood, that screams
In sweet, sweet survive
I can hear it now

This is the end I pray on...
The end is a force unknown
This is the end I pray on...
The end is a force unknown
Say, say, say,... with love, survive
Luck, cause this is the end,
Sing, sing, sing, this all with lots of luck
Luck, luck, the end is a voice I know, consume.
