tell me what you thought about  
when you were gone and so alone  
the worst is over  
you can have the best of me  
we got older but we're still young  
we never grew out of this feeling that we wont give up

here we lay again  
on two separate beds  
riding phone lines  
to hear that familiar voice  
and pictures brought from memory  
we reflect on miscommunication  
and misunderstandings  
and missing each other two  
much too without you, let go

we turn our music down  
and we whisper  
say what your thinking right now  
tell me what you thought about  
when you were gone and so alone  
the worst is over  
you can have the best of me  
we got older but we're still young  
we never grew out of this feeling that we wont give up

jumping to conclusions  
made me fall away from you  
i'm so glad that the truth  
has brought back together me and you

we're sitting on the ground  
and we whisper  
say what your thinking outloud

tell me what you thought about  
when you were gone and so alone  
the worst is over  
you can have the best of me  
we got older but we're still young

we never grew out of this feeling that we wont give up

we turn our music down  
and we whisper  
we're sitting on the ground  
and we whisper  
we turn our music down  
we're sitting on the ground  
and next time i'm in town  
we will kiss girl  
we will kiss girl

tell me what you thought about  
when you were gone and so alone  
the worst is over  
you can have the best of me  
we got older but we're still young  
we never grew out of this feeling that we wont  
feeling that we cant  
we're not ready to give up

we got older but we're still young  
we never grew out of this feeling that we wont give up
