whoa-o...i've been banging my head against the wall
whoa-o...for so long it seems i knocked it down, yeah it
got knocked down
whoa-o...and the heating bill went through the roof
whoa-o...and the wall i knocked down was the proof
that my landlord needed to kick me out

i got evicted now i'm living on the street
my spirits lifted...oh wait, that wasn't me
too many turns have turned out to be wrong
this time i learned that, i knew it all along

when car crashes occur
then i'll be what you were
when i see what i should
when i see that it's good (that it's good)

to experience the bittersweet
to taste defeat
then brush my teeth
experience the bittersweet
to taste defeat
then brush my teeth

cause i struggle with forward motion
i struggle with forward motion
we all struggle with forward motion
cause forward motion is harder than it sounds
well everytime i gain some ground
i gotta turn myself around again
it's harder than it sounds
well everytime i gain some ground
i gotta turn myself around again

whoa-o...i've been banging my head against the wall
whoa-o...for so long it seems i got knocked out. yeah, i
got knocked out cold
whoa-o...and the medical bills went through the roof
whoa-o...and the scar on my head is the proof
that i'll still remember this when i get old

i got evicted now i'm living on the street

my spirits lifted...oh wait, that wasn't me

too many turns have turned out to be wrong
this time i learned that, i knew it all along

when i grasp the concept
then i'll sleep where you slept
when i know i need help
when i allow myself (allow myself)

to experience the bittersweet
to taste defeat
then brush your teeth
experience the bittersweet
to taste defeat
then brush your teeth

cause i struggle with forward motion
i struggle with forward motion
we all struggle with forward motion

cause forward motion is harder than it sounds
well everytime i gain some ground
i gotta turn myself around again
it's harder than it sounds
well everytime i gain some ground
i gotta turn myself around again

cause i struggle with forward motion
cause i struggle with forward motion
we all struggle with forward motion

[in background:]
(cause forward motion is harder than it sounds.
well everytime i gain some ground
i gotta turn myself around again
cause forward motion is harder than it sounds
well everytime i gain some ground
i gotta turn myself around again)

cause i struggle with forward motion
cause i struggle with forward motion
we all struggle with forward motion

cause i struggle with forward motion
cause i struggle with forward motion
we all struggle with forward motion
