Oh
Believe me I have tried
To work this out from the inside
Then I finally realized
I just need to move on with my life

Gotta make something happen
Not just sit around and wait for it
This place is like a prison
I think I'm going to make a break for it

Whoa
Here I go
It's like we're living for the first time
Whoa
Here I go
And I think that it's the first time I felt alive

I've been suppressed
I've been let down
Been pushed aside
Been pushed around
There's only one thing that I need
That's something you can't take from me

Gotta make something happen
Not just sit around and wait for it
This place is like a prison
I think I'm going to make a break for it

Whoa
Here I go
It's like we're living for the first time
Whoa
Here I go
And I think that it's the first time I felt alive

Whoa
Here I go
It's like we're living for the first time
Whoa
Here I go

And I think that it's the first time I felt alive

Move up

Move on

You blink and I'm gone

I finally got one life to live

I'll live it now

You have your doubts

I'll prove them wrong

This is the only thing I know

So here I go

Whoa

Here I go

It's like we're living for the first time

Whoa

Here I go

And I think that it's the first time I felt alive

Whoa

Here I go

It's like we're living for the first time

Whoa

Here I go

And I think that it's the first time I felt alive
