Alright

I'm a human being

Being happy and sane

All human beings

We are made to quit being inhumane

Yeah

I don't want to say I'm right

I just want you to know

I don't want to say I'm right

I just want you to know

I

A reputation for replacing

Confidence with fear

But I'll be entirely embracing

The love that I have found to be sincere

I don't want to say I'm right

I just want you to know

I don't want to say I'm right

I just want you to know

To know that there was a man

Who lived one day with holes in his hands

As some of you'd say

I believe we'd be friends

If we talked and prayed

So we do

That's why we do

I don't want to say I'm right

'Cause I just want you to know

I don't want to say I'm right

I just want you to know

I don't want to say I'm right

'Cause I just want you to know

I don't want to say I'm right

'Cause I just want you to know

Yeah

I just want you to know

I just want you to know
