I got a chill
And I wanted to say it was you
Be still because what I'm about to say is the truth
Unless we stretch until the point of nearly breaking in
two
We'll never find our weakness coming unglued

A cracked sculpture
I wanted to say it was you
Feed vultures are why I feel the way I do
I fell in love
And I wanted to say it was you
I wanted to say it was you

If you believe me
We could stand the test of time like no one else
If you believe me
It means you'd have to disbelieve yourself

A sudden wind
And I wanted to say it was you
I've never begin
So confused about who knows the truth
Where to begin
Well I wanted to say it was you
Because you swore you had your hand in this too

If you believe me
We could stand the test of time like no one else
If you believe me
You know it means you'd have to disbelieve yourself
(If you believe)

Cause I'm here wondering what could you be thinking
Thought I know your there thinking that I wonder that all
the time
I can still invade your thoughts when you're not with me
Yeah don't mind me I'm just a parasite on your mind
Yeah don't mind me I know you're wondering all the
time

If you believe me

We could stand the test of time like no one else
If you believe me
It means you'd have to disbelieve yourself
(If you believe me)
