Let's go...

is it just a car  
or is it so much more?  
it's a superstar  
with the gas to the floor.  
zero to sixty in remarkable time.  
it's the automobile that's top of the line.

we've got a k car  
on the road of life.  
we're gonna get far  
if the driver's Christ.  
we've got a k car  
she really suites the band  
and we're gonna get far  
cuz it's in God's hands, it's in God's hands

(instrumental)

Let's go....

is it just a car  
or is it so much more?  
it's a superstar  
with the gas to the floor.  
in a drag race  
all the others fall  
and Brandon Ebel  
just gave us a call.

we've got a k car  
on the road of life.  
we're gonna get far  
if the driver's Christ  
we've got a k car  
she really suites the band  
and we're gonna get far  
cuz it's in God's hands, it's in God's hands
