We should get jerseys  
Cause we make a good team  
But yours would look better than mine  
Cause you're out of my league

And I know that it's so cliché  
To tell you that everyday  
I spend with you is the new best day of my life  
And everyone watching us  
Just turns away with disgust  
This jealousy  
They can see that we've got it going on

I'm rackin' my brain for a new improved way  
To let you know you're more to me than what I know  
how to say  
You're ok with the way this is going to be  
Cause this is going to be the best thing we've ever seen

If anyone could make me a better person, you could  
All I gotta say is I must have done something good  
You came along one day and you rearranged my life  
All I gotta say is I must have done something right  
I must have done something right

Maybe I'm just lucky  
Cause it's hard to believe  
Believe, that somebody like you'd end up with  
someone like me  
And I know that it's so cliché  
To talk about you this way  
But I'll push all my inhibitions aside  
It's so very obvious  
To everyone watching us  
That we have got something real good going on

I'm rackin' my brain for a new improved way  
To let you know you're more to me than I know how to  
say  
You're ok with the way this is going to be  
Cause this is going to be the best thing we've ever seen

If anyone could make me a better person, you could  
All I gotta say is I must have done something good  
You came along one day and you rearranged my life  
All I gotta say is I must have done something right  
I must have done something right

If anyone could make me a better person, you could  
All I gotta say is I must have done something good  
You came along one day and you rearranged my life  
All I gotta say is I must have done something right

If anyone could make me a better person, you could  
All I gotta say is I must have done something good  
You came along one day and you rearranged my life  
All I gotta say is I must have done something right  
I must have done something right  
I must have done something right
