What do I do, that amounts to anything at all
Wake me if I fall asleep
My goals are what they should be
But my mind will have to change
See things another way, I'll be
Taking a bull by the horns
And taking action in this war
Jumping into the ring
And taking control of everything

The grave that I'm digging is for me, of course (Me, of course)
I look in the mirror, and I see the source (I see the source)
I spot my problems, gonna change my ways (Change my ways)
I need God's love, I need His grace (I need Your grace)
The grave that I'm digging is for me, of course (Me, of course)
I look in the mirror, and I see the source (I see the source)
I spot my problems, gonna change my ways (Change my ways)
I need God's love, I need His grace (I need Your grace)

I'm gonna change my ways
Yeah, yeah, today
I'm gonna change my ways

Once again, I've fallen into sin
It's like a quicksand around my soul
The more I struggle, the strong it holds
Onto me, I want to be free
Want to be able to see
That there's another way
If I check myself today, I want to
Take a bull by the horns
And take some action in this war
Jump right into the ring
And take control of everything

The grave that I'm digging is for me, of course (Me, of

course)
I look in the mirror, and I see the source (I see the
source)
I spot my problems, gonna change my ways (Change
my ways)
I need God's love, I need His grace (I need Your grace)
The grave that I'm digging is for me, of course (Me, of
course)
I look in the mirror, and I see the source (I see the
source)
I spot my problems, gonna change my ways (Change
my ways)
I need Your love, I need Your grace (I need Your grace)
