I'll admit to who I am
The day I come to understand
I haven't got a clue
Been searching for a few years now

Well if I don't repeat myself
Then I'll change into someone else
Well I don't quite know who
Been searching for a few years now

I'm over it
Yeah behind me now
I'm just over it
Over it
Yeah I'm finding out
I'm just over it
No I don't know what's over just yet
But I won't go slow and time can let the mind forgot
Don't tell me you don't know
Already

I'll protect your universe
Or make a mess to make it worse
Time will only tell
You and no one else so

I'm over it
Yeah behind me now
I'm just over it
Over it
Yeah I'm finding out
I'm just over it
No I don't know what's over just yet
But I won't go slow and time can let the mind forget
Don't tell me u don't know
Already
Don't tell me you let go
Oh-o

You say you made up your mind and you've finally
decided
But those that helped you choose

Haven't the slightest clue as to the magnitude of what
you're about to lose

I'm guarded and therefore I can endure
A little bit more
Just a little bit more
Than some people would
If I'm not misunderstood
It's still an attempt to be egoless while self-assured
If I'm still unsure that I'm pretty sure
That I am pretty good
God you know I'm good and

I'm over it
Yeah behind me now
I'm just over it
Yeah I'm finding out
I'm just over it
No I don't know what's over just yet
But I won't go slow and time can let the mind forget
Don't tell me you don't know
Already
Don't tell me you let go
Already
Don't tell me you don't know
Already
Don't tell me you don't know

(Don't tell me you don't know)
(Don't tell me you don't know)
