The way that girl can break a heart  
It's like a work of art  
And this is the worst part  
She knows it

And she's so confident  
That she's what everybody wants  
But nobody wants  
Her to know that

So fall back on all of your premonitions  
And just learn to listen  
To those that have more wisdom than you  
And just stop  
Putting so much stock  
In all of this stuff  
Live your life for those that you love

And I'm still waiting for  
You to be the one I'm waiting for

The way that girl can turn a head  
Well she is such a threat  
But don't ever forget  
She knows it

And she's got it all  
All figured out  
And she won't let you doubt  
She knows it

I'm still waiting for  
You to be the one I'm waiting for  
I'm still waiting for  
You to be the one I'm waiting for

So fall back on all of your premonitions  
And just learn to listen  
To those that have more wisdom than you  
And just stop  
Putting so much stock  
In all of this stuff

Live your life for those that you love

I'm still waiting for  
You to be the one I'm waiting for  
I'm still waiting for  
You to be the one I'm waiting for

I'm still waiting for  
(Something tells me that this is going to make sense)  
You to be the one I'm waiting for  
(Something tells me it's going to take patience)  
I'm still waiting for  
(Something tells me that this will all work out in the  
end)  
You to be the one I'm waiting for
