I guess it's safe to say you're never comin' back
And I understand why you wouldn't want to
I guess it's up to me to find a way to get to you

And I can't see you getting used to
Living in the midst of your perfection
And I'm so lost, how can you trust?
Somewhere the sun is always shinin'

And there's just one last thing that I have to say
As we reflect on the mess of all this I've made
It was cowardice that made me push you away
I was so afraid 'cause you were so much better than me

I guess it's safe to say you're never comin' back
And I understand why you wouldn't want to
I guess it's up to me to find a way to get to you
