Let's talk about the way things were  
Let's talk about the way things should be  
I think I'm certain  
But I'm not so sure  
If I'll deliver what's expected of me  
Let's make believe we're all okay  
Or better yet pretend  
We're doing better  
Than we've ever been  
I think it's safe to say  
That we've forgotten what regret's worth

'Cause that's exactly  
What I pretend to be is  
Ignoring warnings  
Thinking kids will be kids will be  
A delusion  
Kept at a distance  
I think it's strange to have to  
Fight resistance

We're gonna get it right for the first time  
We're gonna get it right  
Gonna get it right  
We're gonna get it right for the first time  
Unmask ourselves  
And we'll find...

We're nothing  
We're nothing without You  
We're nothing  
We're nothing  
We're nothing without You  
We're nothing  
We're nothing  
We're nothing without You  
We're nothing  
We're nothing  
We're nothing without You

I've given up on acting  
Like I'm perfect

I advise you all  
To do the same  
Perfection's rare  
So the last time I checked  
We've all been introduced  
To feeling ashamed  
Let's talk about the way things were  
Let's talk about the way things should be  
I think I'm certain  
But I'm not so sure  
If I'll turn my back  
As soon as God lets me

'Cause that's exactly  
What I pretend to be is  
Ignoring warnings  
Thinking kids will be kids will be  
A delusion  
Kept at a distance  
I think it's strange to have to  
Fight resistance

We're gonna get it right for the first time  
We're gonna get it right  
Gonna get it right  
We're gonna get it right for the first time  
Cause when we try it alone  
Then we find...

We're nothing  
We're nothing without You  
We're nothing  
We're nothing  
We're nothing without You  
We're nothing  
We're nothing  
We're nothing without You  
(And it's been brought to my attention  
That nothing's really worth the mention)  
We're nothing  
We're nothing without You  
(When me and You subtract the latter  
Equals nothing really matters)

You make me sure in the midst  
Of heartbreak and turbulence  
That my spirit soars  
Only because it's Yours

We're nothing  
We're nothing without You

We're nothing  
We're nothing  
We're nothing without You  
We're nothing  
We're nothing  
We're nothing without You  
(And it's been brought to my attention  
That nothing's really worth the mention)  
We're nothing  
We're nothing without You  
(When me and You subtract the latter  
Equals nothing really matters)

We're nothing  
We're nothing without You  
We're nothing  
We're nothing  
We're nothing without You  
We're nothing  
We're nothing  
We're nothing without You  
We're nothing  
We're nothing  
We're nothing without You
