Like a child having nightmares
I will run all ready to Your arms
I'll give You all of my cares
And this world will do me no more harm

When You're around
(When You're around)
When You're around
(When You're around)

I don't know what to say
I don't know what to do
I don't know what to say
To let You know just what I'm feeling

When You're around
(When You're around)
When You're around
(When You're around)

When You're around
(When You're around)
When You're around

I want Ya to stay longer
I made You a place, a place within my heart
With You, I'm so much stronger
That's why I'm glad, we'll never have to part

When You're around
(When You're around)
When You're around
(When You're around)

I don't know what to say
I don't know what to do
I don't know what to say
To let You know just what I'm thinking

When You're around
(When You're around)
When You're around

(When You're around)

When You're around
(When You're around)
When You're around
