I wish I knew you way back when  
Before you were a part of my plans  
I think that we would have been friends

There's only time to live our lives  
You'll be the one that's by my side  
And I can promise you that  
You'll always be my best friend

Till the end when we part I will give you my heart  
And I promise to love you with all that it is  
And I promise to be there whenever you need me  
Because you'll always be my best friend

You'll always be my best friend  
(You'll always be my best friend)  
You'll always be my best friend  
(You'll always be my best friend)  
You'll always be my best friend
