Yuh, I'm from the place full of false hopes and liquor
stores
We can't roam the streets alone, the police they on
patrol
Some are all together, but for money someone sell
they soul

Picking sides, choosin' colors, fight for blocks we don't
own
And we grow, to show no emotion, though we stress
the same stuff, no different
From my hood to your projects, white chalk, yellow
tape, people on the sidewalks
Mothers cry, pray to god, to young to die, another loss
And we applaud and imitate, the ignorance of rap stars
Our women turn to shit, sell they bodys just to make it
far
Police sirens, gunshots, loud talk, barking dogs,
helicopters, ambulance,
Enjoy the ghetto ambiance

[Chorus]
Police sirens, gunshots, loud talk, barking dogs,
helicopters, ambulance,
Enjoy the ghetto ambiance
X2

(It feels so good, when you from the hood)
Yeah, it feels so good!
(Damn, It feels so good when you in the hood)
Aha, aha, aha, aha, aha

Another victim to the street,
Another wanna be, testing me, cause his insecurities,
Brother please, let go of your ego,
Our minds are too focused on monotonous materials
Every time I try to leave, they keep pullin' me back
And they wonder why this life style is leaving us
trapped
It's up to us to make a difference, now
It's up to us to devise a plan to make it out

I'll tell you this, I did so much in my life
And still ain't found what I was looking for
And what I thought it was,
It only made a brother look for more
It's the same shit you seen before,
And happiness it stretches out
It's time for us to make a change
So we can cope with this

[Chorus]

Dominos, and dice games
You can lose your life from anyone
Brother just don't give a fuck

Same house, same rent, same pay check
Same boss, that don't give a brother no respect
So we let all this mess, boil inside our chest
And take it out on the next person,
That try to test
Over with, then they done with
Get they gun, they volcano erupting
Dare I say something

(It feels so good, when you from the hood)
Yeah!
It feel good don't it?
(Damn, It feels so good when you in the hood)
So good, again it's so good

[Chorus]
