Well you set my soul on fire
Only you can take me higher
It was you that set me free
What was love before I know

When do you get to that point where enough is
enough? Never. Never.
'Cause you are all I need

I just have to let you know
Maybe there's a place for you and me, yeah
I just have to let you know
That it's you I'm thinking of
That's it's you I'm thinking of

You were born to be alive
With a beauty in our minds
To share it with the world
Cause you're so easy just hey
Then to throw it all away
Just adding to the hurt

I just have to let you know
Maybe there's a place for you and me, yeah
Like the sunlight breaking through a cloudy day
Well, it's you I'm thinking of
Yes, it's you I'm thinking of

Let's all get together
'Cause this is what we got
This is what we've got
I just have to let you know
Ohhh....it's you I'm thinking of
Baby, it's you I'm thinking of
I just have to let you know
Maybe there's a place for you and me, yeah
I just have to let you know
Maybe there's a place for you and me
I just have to let you know
That it's you I'm thinking of
That it's you I'm thinking of...oh yeah yeah
Cause it's you I'm thinking of...oohhh oooo ahhh

I said it's you yest it's you you you you I'm thinking of
ohhhh...it's you yes it's you oooo...
