Well I've tasted the mustard seed
And I've walked with the man
And I've read "The Isis Papers"
But I've always known what I am
And I could sing you songs
About the mystical men
But I won't make much sense
I profess

Rainbow Zephyr
Let your beauty come alive
Let your colour fill the sky
Rainbow Zephyr
Liberate my mind
Let your colour fill the sky

She's in the waiting
And she's next in line
The question is "why?"
Cause I've been good all my life
Giving up the gift
They say the good die young
But do the gurus and philosophers turn you on?
Aah aah aah aah

Rainbow Zephyr
Let your beauty come alive
Let your colour fill the sky

Rainbow Zephyr
Liberate my mind
Let you colour fill the sky

It's like a birth without violence
We go from the wheel to what's real
And I say this ain't no rap on grace
But I tell you now it's just the way I feel
Are you a champion of science
Or are you some freak show fool
Because what cannot be proved
Can still be true

Rainbow Zephyr
Let your beauty come alive
Let your colour fill the sky
Rainbow Zephyr
Liberate my mind
Let your colour fill the sky

Rainbow Zephyr

Aah aah aah aah
