As I sat in the back of that old taxi cab.  
waitin' for the evening to come.  
On every street of this city  
I heard you call my name.  
You're the strangest feeling I ever had.  
The strangest feeling.  
You're the strangest feeling I ever had.  
The strangest feeling.  
From the day that we are born  
Until the day we die  
We are hostage to our hearts' desire.  
And though I ride this city  
I can't escape from you.  
And when I look up to the stars I wonder  
Can the world really be so cruel?  
You're the strangest feeling I ever had.  
The strangest feeling.  
You're the strangest feeling I ever had.  
The strangest feeling.  
Tonight the wolves are howling  
I can't escape from you.  
A yearning past denying  
I will surrender to.  
You're the strangest feeling I ever had.  
The strangest feeling.  
You're the strangest feeling I ever had.  
The strangest feeling.  
Shine on me. Sodium light baby. (X4)
