It's getting late, late, late  
And I wanna do the things you like  
I'll break, break, break all the rules, set me free  
'Cause I think I found the one for tonight  
And I'm burning high 'cause you're doing it right  
[x2]

I wasn't looking when you caught my eye  
And then it hit me, I was falling from the sky  
Will you be the one who catches me?  
Will I ever know your name?

Every time I look at you  
You got me hypnotized by the face you do  
And I know all I want is to be with you  
Come on, let's make it happen tonight

It's getting late, late, late  
And I wanna do the things you like  
I'll break, break, break all the rules, set me free  
'Cause I think I found the one for tonight  
And I'm burning high 'cause you're doing it right  
[x2]

I saw your smile and I was mesmerized  
You had it all and it was easy to decide  
So tell me how we're gonna play this game  
Do you wanna say my name?

Now it's time to let it show  
We gotta let our love come over you and me  
And I want to let you know  
'Cause it's all in the name of love

It's getting late, late, late  
And I wanna do the things you like  
I'll break, break, break all the rules, set me free  
'Cause I think I found the one for tonight  
And I'm burning high 'cause you're doing it right

It's getting late, late, late

And I wanna do the things you like  
I'll break, break, break all the rules, set me free  
'Cause I think I found the one for tonight  
And I'm burning high 'cause you're doing it right  
[x2]
