Blessed be your name  
of the lord, blessed be your name  
blessed be your glorious name

Bendito eres tu...

\*Hello to my brothers and sisters in Christ.

Freddie Colloca sings this song in English and Spanish, but I'm unfamiliar with the rest of the Spanish words so I am unable to write out the lyrics in English. When I looked up the Spanish translation for the song "Blessed be Your name" the Spanish lyrics in Freddie's song differs from the worship song. Could somebody be so kind as to write them out for me in Spanish and English.

Thank you for helping me with this, Amy
