I am the light I am the light I am the light I am the light

I am the light Claim thee the night Our salvation Never seemed so bright

I'm right here
So bring it on
You have nothing to say
You have nothing to say
I'm right here bitch
So come on
This is our war today
This is our war today

Where are you going Don't you run Why are you leaving You're so far gone

I am the light Claim thee the night Our salvation Never seemed so bright
