Now, I'm not saying that I'm feelin' lonely
But I wouldn't mind it if you'd come
And warm me for a while, baby for a while

Because you're, hot on the outside and you're sweet in
the middle
And I'm guessin' that someday you might
Want just a little of my love, that's what I'm thinkin' of

So baby don't pretend
Don't pretend there's nothing there
Don't act as if you're unaware

'Cause I, I can see it in your eyes, every secret thing
I can read between the lines, every secret thing
Every secret thing

You thought you, had me figured for a somethin' or
other
Or the kinda guy you wouldn't bring home to mother
Now you know, love will only grow

But baby don't pretend
Don't pretend there's nothing there
Don't act as if you're unaware

'Cause I see it in your eyes, every secret thing
I can read between the lines, every secret thing

I can see it in your eyes, every secret thing
I can read between lines, every secret thing

We hide and we keep from one another
Every single change
This night, tonight will last forever, yeah

Baby don't pretend
Don't pretend there's nothing there
Don't act as if you're unaware

'Cause I, I can see it in your eyes, every secret thing
I can read between the lines, every secret thing

I can see in your eyes, every secret thing
I can read, I can read between the lines, every secret
thing
Every secret thing
