"Long Walk Back"

Visit "[Long Walk Back](#)" on MotoLyrics.com

I got my things together and on a wing I flew
I meant to send a letter that said goodbye to you
I didn't hear you call when I went out the door
When I went out your door

Oh yeah, it's a long walk back and the train don't pass
Through here, it's a long walk back, I fear, it's a long
walk back
And the path ain't always clear, it's a long walk, a long
walk back

Now, once there was a reason for everything I did
With every passin' season, I've lost my way instead
The road that led me far from all that I once knew
Will bring me back to you

Oh yeah, it's a long walk back and the train don't pass
Through here, it's a long walk back, I fear, it's a long
walk back
And the path ain't always clear, it's a long walk, a long
way back

It's a long walk to your door, to where we were before
And I pray that I can made it back home, back home

The road that led me far from all that I once knew
Will bring me back to you

Oh yeah, it's a long walk back and the train don't pass
Through here, it's a long walk back, I fear
It's a long walk back and the path ain't always clear
It's a long walk, a long walk back, well, it's a long walk
back
