Where are you now?  
Is it some place warm and shining?  
With somebody who...sees beyond your silver lining  
Tonight.....only my heart with you.....Tonight  
Mmmm tonight  
The closest that I've been to free-And we were never  
meant to be  
Some other place...some other world...some other life  
Could you be mine?  
Some other place...some other world...some other life  
Could you be mine?  
Just one day with you, and my whole life changed  
forever  
With you, I believed...there existed something  
better...and right  
Caught in-between what's wrong...and right  
Tonight  
The closest that I've been to free-And we were never  
meant to be  
Some other place...some other world...some other life  
Could you be mine?  
Some other place...some other world...some other life  
Could you be mine?  
(solo)  
Mmmmmm...MMmmm...MMmmm...Mmmmm...Mmmm...Mmmmm..Mmmmmm...MMmmmmmmmm.....Mmmmmm  
Mmmmmm...MMmmm...MMmmm...Mmmmm...Mmmm...Mmmmm..Mmmmmm...MMmmmmmmmm.....Mmmmmm  
Some other place...some other world...some other life  
Could you be mine?  
Some other place...some other world...some other life  
Could you be mine?  
Some other place...some other world...some other life  
Could you be mine?  
Some other place...some other world...some other life  
Could you be mine?  
Could you be mine?!
