Here I go trustin' someone new
After all that I've been through
You'd think that I'd know better

Should've known you'd only meet me half the way
I'm runnin' out of things to say
Let's talk about the weather

I thought you were an island
Where I could harbor all my sins
Now I'm stranded in the deepest end

Where were you when the candlelights went out?
Beyond the shadow of a doubt
And I can read you to the letter

Watchful eyes lookin' out for someone else
If you could keep them to yourself
Maybe then you'd know me better

I thought you were an island
Where I could harbor all my sins
Now I'm stranded in the deepest end

And I don't want no one else
I'm gonna stay here by myself
Should I believe my heart or you
What if I do?

What if I do?

I thought you were an island
Where I could harbor all my sins
Now I'm stranded in the deepest end
Now I'm stranded in the deepest end
Now I'm stranded in the deepest end

Yes, I am stranded in the deepest end
Yeah, I'm stranded in the deepest end
Oh, I'm stranded
Yeah, I'm stranded in the deepest end
