These days flyin' off an empty page
Lonely, forever somethin' in our way
But deep in my soul your light is all that I'm prayin' for
Salvation is in your eyes but not for me

What will it take to make you want me?
What will it take to make you mine?
What will it take to make you love me for all time?

It's funny how nothin' ever stays the same
Helpless never knowin' who's to blame
There once was a time when my love was somethin'
worth fightin' for
And now it's all I can do to remind you of what could be

What will it take to make you want me?
What will it take to make you mine?
What will it take to make you love me for all time?

Baby, I'd cross the darkest valley
I would fought the river wide
If that's what it takes to make you love me for all time

But I've been chasin' you too long
To think you'd rather I were gone
But I will wait for you forever, yes I will
You know it's true
I'll wait until you come around

But deep in my soul your light is all that I'm prayin' for
Salvation is in your eyes but not for me

What will it take to make you want me?
What will it take to make you mine?
What will it take to make you love me for all time?

Baby, I'd cross the darkest valley
I would fork the river wide
If that's what it takes to make you love me for all time

What will it take?
What will it take?

What will it take?

Baby, I'd cross the darkest valley
I would fork the river wide
If that's what it takes to make you love me for all time
What will it take?
