(Crazy in love with you, baby)

Don't tell those stories when
You smile at me again
And then you leave me, ohoh
But even if I want, you to stand by me
You try to fool me

Together and forever, it could be so great
With you I will be stronger than I thought before

I'm crazy in love with you, baby
You're the only one for me
I'm crazy in love with you
As long as there are stars above
I'm crazy for your love

It's obvious to me
There will never be, someone else than you
Ooh, the future look so bright
Somehow I do believe, our love were meant to be

So come with me, and let our bedtimes drift away
I respect you and understand the games you play

I'm crazy in love with you, baby
You're the only one for me
I'm crazy in love with you
As long as there are stars above
I'm crazy for your love

No, don't be afraid
I'll protect you, and promise to
Hold you in my arms
Until eternity, ohoh yeah

I'm crazy in love with you, baby
You're the only one for me
(I'm crazy)
I'm crazy in love with you, baby
You're the only one for me

I'm crazy in love with you
As long as there are stars above
I'm crazy for your love
